

uConnect Platform Accessibility Conformance Report WCAG Edition

VPAT® Version 2.3

Name of Product/Version: uConnect Platform

Product Description: The *uConnect Platform* leverages campus career resources, data, and information to allow institutions to guide students along more meaningful career pathways.

uConnect's policy is to fix any accessibility errors as soon as they are identified. These include any issues that are considered failures to meet the WCAG success criteria. All other issues are documented and taken care of during future maintenance cycles. We always prioritize items that result in blocked content or barriers for users with disabilities as these are frustrating and result in a negative user experience.

Report Date: January 2020

Contact Information: David Kozhuk 857-400-8725 david@gouconnect.com

Evaluation Methods Used: Human evaluation and automated testing tools (WAVE).

Applicable Standards/Guidelines

This report covers the degree of conformance for the following accessibility standard/guidelines:

Standard/Guideline	Included In Report
Web Content Accessibility Guidelines 2.0	Level A (Yes) Level AA (Yes) Level AAA (No)

Web Content Accessibility Guidelines 2.1	Level A (No) Level AA (No) Level AAA (No)
--	---

Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports:** The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- **Partially Supports:** Some functionality of the product does not meet the criterion.
- **Does Not Support:** The majority of product functionality does not meet the criterion.
- **Not Applicable:** The criterion is not relevant to the product.
- **Not Evaluated:** The product has not been evaluated against the criterion. This can be used only in WCAG 2.0 Level AAA.

WCAG 2.x Report

Note: When reporting on conformance with the WCAG 2.x Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the [WCAG 2.0 Conformance Requirements](#).

Table 1: Success Criteria, Level A

Notes:

Criteria	Conformance Level	Remarks and Explanations
1.1.1 Non-text Content (Level A)	Supports	All non-text items have a text alternative available. uConnect provides users the ability to add non-text content to their platform. Aggregated content from third-party sources may not include an alternative. It is the user's responsibility to make sure the content they generate is accessible and has a text alternative..
1.2.1 Audio-only and Video-only (Prerecorded) (Level A)	Not Applicable	uConnect does not feature pre-recorded audio-only or video-only media, however users have the ability to add their own media that can be audio-only or video-only. It is the user's responsibility to provide an accessible alternative.
1.2.2 Captions (Prerecorded) (Level A)	Not Applicable	uConnect does not feature pre-recorded synchronized media, however users have the ability to upload their own media and it is the responsibility of the user to provide closed captioning for any content they upload.
1.2.3 Audio Description or Media Alternative (Prerecorded) (Level A)	Not Applicable	uConnect does not feature pre-recorded video content, however users have the ability to upload their own media. It is the responsibility of the user to provide any alternatives to time-based media they may upload.
1.3.1 Info and Relationships (Level A)	Supports	All information and relationships are present in text.
1.3.2 Meaningful Sequence (Level A)	Supports	In all cases where the meaning is dictated by sequence, the correct order is provided in a linear fashion.
1.3.3 Sensory Characteristics (Level A)	Supports	A text representation is presented for all content that relies on shape, size, etc.
1.4.1 Use of Color (Level A)	Supports	When color is used to visually indicate information, text content is also available.
1.4.2 Audio Control (Level A)	Not Applicable	The uConnect Platform does not support automatic playback of audio or video.
2.1.1 Keyboard (Level A)	Supports	The content is fully navigable via keyboard.

2.1.2 No Keyboard Trap (Level A)	Supports	The uConnect Platform uses standard keyboard input to navigate to and from elements.
2.1.4 Character Key Shortcuts (Level A 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
2.2.1 Timing Adjustable (Level A)	Not Applicable	There are no timing related elements in this content.
2.2.2 Pause, Stop, Hide (Level A)	Not Applicable	There are no animations that last five or more seconds and the content is only updated via user action.
2.3.1 Three Flashes or Below Threshold (Level A)	Not Applicable	The content does not flash repeatedly.
2.4.1 Bypass Blocks (Level A)	Not Applicable	There are not large blocks of duplicated content.
2.4.2 Page Titled (Level A)	Supports	There is title text for the content.
2.4.3 Focus Order (Level A)	Supports	The focus follows the logical flow of the content.
2.4.4 Link Purpose (In Context) (Level A)	Supports	Links are properly labelled.
2.5.1 Pointer Gestures (Level A 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
2.5.2 Pointer Cancellation (Level A 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
2.5.3 Label in Name (Level A 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
2.5.4 Motion Actuation (Level A 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
3.1.1 Language of Page (Level A)	Supports	The language is specified in the header of each web page.
3.2.1 On Focus (Level A)	Supports	Changing focus does not change the context for the user.
3.2.2 On Input (Level A)	Supports	Input does not change the context for the user.
3.3.1 Error Identification (Level A)	Supports	All errors are displayed to the user in text.

3.3.2 Labels or Instructions (Level A)	Supports	Labels appear for all input fields.
4.1.1 Parsing (Level A)	Supports	The content is built from validated HTML.
4.1.2 Name, Role, Value (Level A)	Supports	All interface components have a clear name, role and value.

Table 2: Success Criteria, Level AA

Notes:

Criteria	Conformance Level	Remarks and Explanations
1.2.4 Captions (Live) (Level AA)	Not Applicable	uConnect does not feature audio or video content however users have the ability to embed live audio and video and it is their responsibility to make sure captions are provided. Embedded audio from major service providers such as YouTube and Vimeo allow for live audio broadcasts to include closed captioning.
1.2.5 Audio Description (Prerecorded) (Level AA)	Not Applicable	uConnect does not feature pre-recorded video content, however users have the ability to upload their own media and it is the responsibility of the user to provide audio description for any content they upload.
1.3.4 Orientation (Level AA 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
1.3.5 Identify Input Purpose (Level AA 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
1.4.3 Contrast (Minimum) (Level AA)	Supports	All text content has a contrast of at least 4.5:1.
1.4.4 Resize text (Level AA)	Supports	All text can be resized to 200% without loss of functionality.
1.4.5 Images of Text (Level AA)	Supports	All core images do not include invalid visual representations of text. User generated or aggregated content from third-party sources may include text.
1.4.10 Reflow (Level AA 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.

1.4.11 Non-text Contrast (Level AA 2.1 only)	Supports	All non-text content has a contrast of at least 3:1 against adjacent colors.
1.4.12 Text Spacing (Level AA 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
1.4.13 Content on Hover or Focus (Level AA 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.
2.4.5 Multiple Ways (Level AA)	Supports	Full navigation with search and links are available to allow users to locate pages.
2.4.6 Headings and Labels (Level AA)	Supports	Headings and labels are available to describe topics.
2.4.7 Focus Visible (Level AA)	Supports	When using the keyboard to navigate the user interface, the focus is clearly indicated.
3.1.2 Language of Parts (Level AA)	Supports	A language is specified for each page and the content doesn't contain mixed languages.
3.2.3 Consistent Navigation (Level AA)	Supports	Each page uses the same navigational mechanism and the links occur in the same relative order.
3.2.4 Consistent Identification (Level AA)	Supports	All components that have the same functionality are identified consistently.
3.3.3 Error Suggestion (Level AA)	Supports	When the system displays an error message, suggestions are made on how to correct them.
3.3.4 Error Prevention (Legal, Financial, Data) (Level AA)	Not Applicable	There aren't any pages that cause legal commitments or financial transactions.
4.1.3 Status Messages (Level AA 2.1 only)	Not Applicable	WCAG 2.1 is not included in this report.

Legal Disclaimer (Company)

As of the Date listed above, the uConnect Platform has been evaluated using WCAG analysis and compliance tools and has been confirmed that it is substantially conformant with Level A and Level AA of the Web Content Accessibility Guidelines version 2.0.

uConnect cannot verify the conformance of user generated or aggregated content by customers from third-party sources. The content that is added to a uConnect site will have to be evaluated, especially when audio-visual materials are added.
